Roadranger® More time on the road™

Versatile Power in a Full Line of Two-Speed and Planetary Double Reduction Models for Medium- and Heavy-Duty Applications.

Feature for feature – tough axles to beat.

- Involute splines on drive pinions and shafts for greater torque capacity.
- Precision Flow forged differential gears for greater strength and impact resistance.
- Patented lube flow system for superior spin-out protection.
- High performance pinion oil seals keep lube in, dirt and road grime out.
- Planetary double reduction gearing lowers pinion and ring gear stress and driveline load for heavy duty, off-highway hauling.
- Two-speed versatility for maximum startability and top legal highway speeds.
- Full range of available ratios cover a wide variety of applications.
- Backed by comprehensive Roadranger® service support – the best in the business.
